k. D	pes this DoD Information system or electronic collection requ	uire a Privacy A	Act System of Records Notice (SORN)?	
A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.				
L	Yes 🛛 No			
lf "Ye	s," enter SORN System Identifier			
	N Identifier, not the Federal Register (FR) Citation. Consult the E cy/SORNs/ or	DoD Component	nt Privacy Office for additional information or http://dpcld.defense.gov/	
If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date				
If "No," explain why the SORN is not required in accordance with DoD Regulation 5400.11-R: Department of Defense Privacy Program.				
A SC	DRN is not required because the system does not maintain	n a group of rec	ecords which are "RETRIEVED" by the use of the individual's	

name, number, or any other unique identifier which is known as a System of Records.					
I. What is the National Archives and Records Administration (NARA) approved, pending or general records schedule (GRS) disposition authority for the system or for the records maintained in the system?					
(1) NARA Job Number or General Records Schedule Authority. N/A					
(2) If pending, provide the date the SF-115 was submitted to NARA.					
(3) Retention Instructions.					
m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statue or Executive Order.					
 (1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar. (2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply). 					
(a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.					
(b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.					
(c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.					
Executive Order 10450, 9397; and Public Law 99-474, the Computer Fraud and Abuse Act.					
n. Does this DoD information system or electronic collection have an active and approved Office of Management and Budget (OMB) Control Number?					
Contact the Component Information Management Control Officer or DoD Clearance Officer for this information. This number indicates OMB approval to collect data from 10 or more members of the public in a 12-month period regardless of form or format.					
Yes X No Pending					
 If "Yes," list all applicable OMB Control Numbers, collection titles, and expiration dates. If "No," explain why OMB approval is not required in accordance with DoD Manual 8910.01, Volume 2, " DoD Information Collections Manual: Procedures for DoD Public Information Collections." If "Pending," provide the date for the 60 and/or 30 day notice and the Federal Register citation. 					
Per DoD Manual 8910.01, vol 2, p 17					

NOTE: Sections 1 above is to be posted to the Component's Web site. Posting of these Sections indicates that the PIA has been reviewed to ensure that appropriate safeguards are in place to protect privacy. A Component may restrict the publication of Sections 1 if they contain information that would reveal sensitive information or raise security concerns.
